General Distributing Company

Job Description

Title: Outside Sales Account Manager

Reports to Branch Manager

Objective:

To build, develop and enhance customer relationships through creative and innovative value-added product and service solutions with the focus on helping make the customer more productive, efficient, and profitable. This is to be done through penetrating existing markets and customers as well as building and developing new customers and markets.

Responsibilities:

The essential functions of the position include but are not limited to the following:

1. Develop and maintain customer relationships by calling on and servicing customers on a consistent basis.
2. Work with customers to determine problems and concerns they have and come up with value-added solutions that help make the customer more profitable.
3. Demonstrate product for customers and provide counsel and assistance on customer needs or product application issues.
4. Understand the true costs of servicing the customer including delivery costs, product knowledge and training, and servicing the customer and conscientiously working to achieve the maximum value and profit to the customer and to the company with the most efficient use of company resources.
5. Work with the branch manager reviewing key financial goals set for the branch and working together to develop and implement action plans to help achieve and exceed the goals.
6. Work with branch manager to put on 6-8 training/customer service seminars annually.
7. Work with stock points to help expand sales territories
8. Work with suppliers making joint sales calls when they are in the area and reviewing new product offerings and making the determination as to customer application and proactively demonstrating new product line to prospects.
9. Maintain quality service by following quality customer service standards and resolving customer service problems.

10. Work with branch manager to keep accounts receivable within company guidelines.
11. Work with branch manager and purchasing manager to keep inventory turns within company guidelines.
12. Work with purchasing manager on cycle counting, inventory accuracy, and physical year- end inventory.
13. Hot-shot deliveries as required.
14. Work with inside sales and customer service or branch manager to have them help prepare bids and quotes. Limited time should be spent on non-productive paperwork.
15. Maintain professional and technical knowledge by attending educational workshops and reading relatable trade articles.
16. Contribute to the team effort by doing whatever it takes to get the job done.
